

# oil droppers

## USDA Certified Organic Full Spectrum Hemp

**CBD Oil Dropper Bottles:** 90 mg, 250 mg, 750 mg

The benefits of Treatibles USDA Certified Organic Full Spectrum Hemp CBD Oil include instilling calm, normal emotional balance and ease; supporting a healthy digestive tract and strong immune system; and promoting healthy joints, flexibility and a normal inflammatory response.

Our droppers also feature Organic Certified MCT Coconut Oil. We chose this highly palatable carrier oil because it is rich in antioxidants and recognized for helping support the body's normal immune system response. The combined benefits of these oils make it an excellent formula. MCT Coconut oil also has a great shelf life and tends to be more shelf stable than most alternate carrier oils.

### Drops can be administered in several ways, including:

- Placing drops on your hand and allow your pet to lick the oil
- Directly into your pet's mouth (do not place the dropper inside the mouth)
- Adding drops to your pet's food

All Treatibles droppers come with scored pipettes for ease of administration; each pipette contains a full milliliter, and there are 30ml of oil per bottle.

Treatibles oil is safe, non-toxic and non-intoxicating. Pet parents should observe their animal before and after administration to determine optimal response. You know your pet better than anyone else.

**Storage:** Treatibles oil will stay fresh for up to 2 years when tightly sealed and stored in a cool, dry place.

# oil bottle with syringe

## USDA Certified Organic Full Spectrum Hemp

### CBD Oil Dropper Bottles: 1500 mg

Our USDA Certified Organic Full Spectrum Hemp CBD Oil Supports the body's normal inflammatory response, may ease discomfort and anxiety during stall rest, promotes calm, can stimulate appetite in times of illness or stress. It can offer support for horses with joint discomfort, mobility issues, digestive upset, anxiety and more.

Our droppers also feature Organic Certified MCT Coconut Oil. We chose this highly palatable carrier oil because it is rich in antioxidants and recognized for helping support the body's normal immune system response. The combined benefits of these oils make it an excellent formula. MCT Coconut oil also has a great shelf life and tends to be more shelf stable than most alternate carrier oils.

#### Drops can be administered in several ways, including:

- Placing drops on your hand and allow your pet to lick the oil
- Directly into your pet's mouth (do not place the dropper inside the mouth)
- Adding drops to your pet's food

Treatibles oil is safe, non-toxic and non-intoxicating. Pet parents should observe their animal before and after administration to determine optimal response. You know your pet better than anyone else.

**Storage:** Treatibles oil will stay fresh for up to 2 years when tightly sealed and stored in a cool, dry place.

*Harmony for the whole family®*

**1500 mg CBD  
for horses over 250 lbs**

**active ingredients:** 25 mg Organic Full Spectrum Hemp CBD Oil, 1 mg Organic Peppermint Oil

**inactive ingredients:** Organic MCT Coconut Oil

**peppermint oil:** Cooling and soothing for the digestive tract, can dispel gas, alleviate upset, spasms, cramps and more, typically can act as an insect repellent and relieve discomfort and itching, horses love the taste.

**MCT coconut oil:** May improve oxygen flow to muscles, helping to promote recovery, can strengthen the immune system, aids in the digestibility of other feeds, topically, helps to add shine to the coat, protect wounds and address symptoms associated with hoof issues.

# capsules

## USDA Certified Organic Full Spectrum Hemp

### CBD Oil Capsules: 10 mg, 25 mg

Treatibles Capsules are a convenient way to provide pets the many benefits of full spectrum hemp CBD oil.

Ideal for large dogs and horses, Capsules can quickly provide relaxation, address discomfort, support the digestive tract and immune system, enhance the function of joints and promote the body's normal inflammatory response.

Treatibles Capsules are safe, non-toxic and non-intoxicating. Pet parents should observe their animal before and after administration to determine optimal response. You know your pet better than anyone else.

**Storage:** Treatibles Capsules will stay fresh for up to 2 years when tightly sealed and stored in a cool, dry place.

*Cannabinoid receptor sensitivity can vary from dog to dog. Although we recommend a starting dose of 1 mg of hemp CBD oil per 10 pounds of a pet's weight, that can increase to 10 mg of hemp oil. Therefore, medium and smaller size dogs needing additional support can benefit from this 10 mg capsule.*
